  Board: Board of Secondary Education | **GPA:** 10.00 (2021)

TECHNICAL SKILLS

- **Programming Languages:** Python, C, Java
- **Web & App Development:** HTML, CSS, JavaScript
- **Machine Learning & Deep Learning:** TensorFlow
- **Database:** SQL
- **Academics:** Operating Systems, DBMS, Computer Networks

EXPERIENCE & PROJECTS

Machine Learning & Deep Learning Intern | ACM-W Stanley Student Branch

- Completed a 6-week intensive internship focused on ML and DL concepts.
- Gained practical exposure to image classification, data preprocessing, model training and testing.

1. Image Classification of Hand Gestures

- Developed a hand-gesture image classification system using Python, TensorFlow and CNN concepts.
- Collected and preprocessed gesture images and trained a model to recognize different hand gestures.

2. Travel App for Trip Information Capture

- Developed an application for capturing and organizing trip-related information.
- Used HTML, CSS and JavaScript for the user interface and interactive functionality.

CODING PROFILES

- **GitHub:** Projects and code repositories
- **LeetCode:** Programming and problem-solving practice
- **HackerRank:** Coding and technical skill practice

CERTIFICATIONS & TRAINING

- **Quantum Computing:** One-month course organized by CDAC & IIT Roorkee.
- **Deep Learning Professional:** DL Fundamentals, DL with TensorFlow, and Accelerating DL from Cognitive Class.
- **IoT Bootcamp:** Training in association with NIELIT, Aurangabad.
- **Specialized Programming:** Data Structures in C (Arrays, Linked Lists, Stacks, Queues) and Python for Data Science.

KEY SOFT SKILLS

- Leadership & Team Collaboration
- Adaptive
- Problem-Solving
- Time Management
- Analytical Thinking

CUSTOMER & COMMUNICATION SKILLS

- Strong verbal communication and interpersonal skills.
- Enjoy interacting with people and understanding their needs.
- Good logical and analytical thinking with a practical approach to problems.
- Confident in explaining information clearly and building positive relationships.
